Lever Style or Guillotine cutters make easy work of cutting 15 sheets or more of paper at a time. Dahle Guillotine blades will not fly up or drop down and use either a finger guard or rotary safety shield to prevent injury. Dahle Lever Style Cutters are the choice of professionals and, depending on your cutting capacity, are available in the following three ranges:

Vantage® Trimmers

Dahle Vantage® Trimmers are lightweight and portable so they can conveniently be taken anywhere. Their metal base and automatic paper clamp prevents the paper from shifting and provides a clean edged cut without fanning. These trimmers have a cutting capacity of up to 15 sheets of paper at a time, and are perfect for cutting paper and trimming photographs. Dahle Vantage® Trimmers are available in 12", 15" and 18" cut-

ting lengths and are a popular choice among photographers, craft enthusiasts and office professionals.

Professional Guillotines

Dahle's Professional Guillotines are designed for heavier applications and are equipped with a ground self-sharpening blade. With a cutting capacity of up to 15 sheets of paper at a time, they are perfect for cutting paper, cardstock and illustration paper. Dahle Professional Guillotines are available in 12", 15", 18" and 24" cutting lengths and are a popular choice among professional photographers, print shops and graphic design agencies.

Premium Guillotines

Dahle's Premium Guillotines are designed for heavy duty applications where precision and safety are essential. These cutters feature

a massive ground blade that is protected by a safety shield. This innovative shield automatically covers the blade throughout the entire cutting process and prevents hands from being in the wrong place. These trimmers will cut matboard and up to 35 sheets of paper with ease and precision. Dahle Premium Guillotines are available in 14", 15", 21" and 27" cutting lengths and are a popular choice among picture framers, print shop and copy centers.

Premium Guillotine With Laser

This Premium Guillotine has an illuminated laser site to show exactly where the cut will be made. It's ability to cut up to 40 sheets of paper at a time is made possible by a state of the art ratcheting paper clamp that securely holds the paper in place and prevents it from fanning.

VANTAGE® TRIMMER

- Cuts up to 15 sheets of paper at a time
- Spring action metal blade will not fall down
- Automatic paper clamp holds work securely
- Sturdy metal base with preprinted 1/2" grid
- Blade will secure in the down position
